

# VIRTUAL PUBLIC MEETING

## PUBLIC MEETING HANDOUT

### PURPOSE OF THE MEETING

The purpose of the meeting is to provide the public the opportunity to learn more about the **2050 Long Range Multimodal Transportation Plan (LRTP)** process and findings, ask questions and provide comments. WVDOT representatives and consultant project team members will be available to answer questions and receive comments.

### Information about the WV Long-Range Multimodal Transportation Plan can be viewed on the Project Website:

<https://transportation.wv.gov/highways/programplanning/LRTP/Pages/default.aspx>

### PROJECT DESCRIPTION

The WVDOT is conducting an update to its statewide multimodal long-range transportation plan (LRTP) to help guide future transportation policies and investments. The plan will provide a 30-year blueprint to fund and improve the preservation, management, and expansion of West Virginia's multimodal transportation system. To build this blueprint, WVDOT worked with transportation stakeholders, coordinated with Federal partners, and is currently seeking input from West Virginia residents.

The LRTP will be used by the WVDOT and its transportation partners to fund and improve the preservation, management, and expansion of West Virginia's multimodal transportation system. The WVL RTP will help position for the long term the state's multimodal system to further support WVs economy, enhance quality of life, foster safe and reliable transportation options, and better connect WV residents and businesses to opportunities.

### MEETING INFORMATION

Date:	<b>Tuesday, June 15th</b>
Time:	<b>1:00 – 2:00 P.M. 6:30 – 7:30 P.M.</b>
